

F100 Media Air Cleaner

Get cleaner indoor air now. Upgrade from your 1" filter to the Honeywell F100 Media Air Cleaner. The F100 is 85%* efficient at removing airborne dust, pollen and other contaminants.

Plus, the F100 maintains high airflow in your system so that your heating and cooling system functions at full efficiency.

The Honeywell F100 media air cleaner: a trusted solution from the trusted name in indoor air quality.

F100 Media Air Cleaner

The value solution to cleaner air.

Simple maintenance. Simply open the door to replace filter.

MERV 10 Filter Performance

Helpful reminder. The optional wireless AirWatch™ system* reminds you when to change your filter.

*sold separately

Easy to upgrade. Most sizes of the F100 are easily converted to higher performing media or electronic air cleaning.

Replace less often. The F100 lasts four times as long as a comparable 1" filter.

Superior performance. Deep pleated configuration allows for large surface area resulting in higher filtration performance and HVAC system optimization.

Highly effective. Captures microscopic allergens like dust, smoke and smog particles in addition to larger allergens like mold spores and pet dander.

Meets American Lung Association® Health House® guidelines.

Widely compatible, the F100 works with all gas, oil and electric forced warm air furnaces, and with a wide range of air-conditioning systems.

	PRODUCT DESCRIPTION	EFFICIENCY RATING*	
BEST	F50 Electronic Air Cleaner		95%
BETTER	F100 Media Air Cleaner	85%	
BASIC	1" Fiberglass Filter	9%	

*Based on initial efficiency testing of new filters tested at 3-10 micron particles at 492 feet per minute of airflow.
