

F200 Media Air Cleaner

Get cleaner indoor air by choosing Honeywell's highest efficiency media air cleaner. The F200 is 92%* efficient at removing airborne dust, pollen and other contaminants.

Plus, the F200 maintains high airflow in your system so that your heating and cooling system functions at full efficiency. And the automatic wireless AirWatch™ indicator sends a signal to remind you when it's the right time to change and service the filter.

The Honeywell F200 media air cleaner: a trusted solution from the trusted name in indoor air quality.

F200 Media Air Cleaner

The High-Efficiency, Low Maintenance Solution To Cleaner Air.

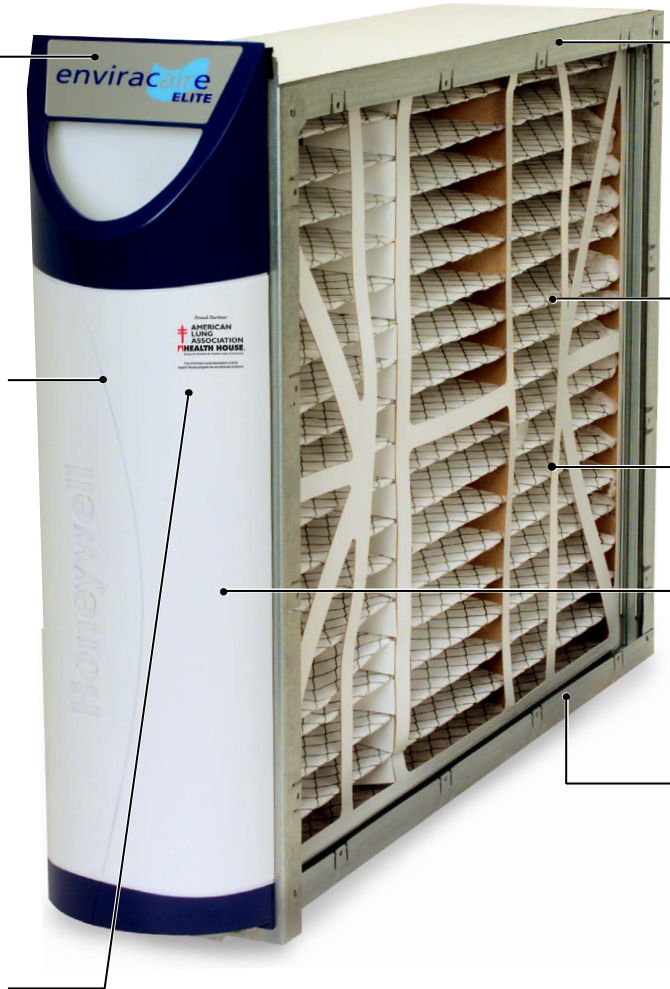

Simple Maintenance —
Simply open the door to replace filter.

Highly Effective —
Captures a high percentage of microscopic allergens like dust, smoke and smog particles in addition to larger allergens like mold spores and pet dander that pass through the system.

Helpful Reminder —
Comes standard with wireless AirWatch™ system to remind you when to change your filter.

Meets American Lung Association® Health House® guidelines.

Easy To Upgrade —
The F200 can be easily converted to higher performing electronic air cleaning.

Replace Less Often —
The F200 filter lasts up to four times as long as a comparable 1" filter.

MERV 13 Filter Performance

Pressure Sensor In Door monitors when the filter needs to be changed.

Superior Performance —
Deep pleated filter configuration allows for large surface area resulting in higher filtration performance and HVAC system optimization.

	PRODUCT DESCRIPTION	EFFICIENCY RATING*	
BEST	F300 Electronic Air Cleaner		98%
BETTER	F200 Media Air Cleaner	92%	
GOOD	F150 Media Air Cleaner	85%	
BASIC	1" Fiberglass Filter	9%	

*Based on initial efficiency testing of new filters tested at 3-10 micron particles at 492 feet per minute of airflow.

5-YEAR WARRANTY
