The Honeywell F300 Whole-House Electronic Air Cleaner is the most advanced and easy-to-use solution for improving your indoor air quality. When installed into your home’s heating and cooling system, an Electronic Air Cleaner traps and filters up to 99%* of airborne particles passing through the system to make sure cleaner air is distributed to all rooms in your home. It works by placing a charge on airborne particles and then collecting them like a magnet. Plus, Electronic Air Cleaners are low maintenance – simply wash the cells in your dishwasher or sink when needed.
F300 Whole-House Electronic Air Cleaner

THE HIGH-PERFORMANCE, LOW-MAINTENANCE SOLUTION TO CLEANER AIR.

Advanced Technology —
Places an electric charge to collect up to 99%* of airborne particles.

Highly Effective —
Captures both microscopic particles like dust and smoke in addition to larger contaminants like mold spores and pet dander.

Low Maintenance —
No replacement needed. Requires only periodic washing of air cleaner cells.

Superior Performance —
The F300 is up to 30 times more efficient at capturing airborne particles compared to a standard one-inch filter.

Three-Stage Filtration —
Particles enter three layers of filtering, with optional exclusive electrostatic postfilter.

Exclusive 10-year Clean Coil Guarantee™ —
Gives you added peace of mind.

Whole-House —
Cleans the air in all rooms throughout your home.

Widely Compatible —
Works with all gas, oil and electric forced air furnaces and air conditioning systems.

Easy to Upgrade —
Get even higher performance by adding an optional postfilter.

5 Year Warranty —
