

H1008 Humidicalc[®] Humidity Control

Honeywell

The H1008 Humidicalc[®] Humidity Control makes it easy for you to maximize the humidity level and comfort of your home without constantly changing the settings. Intelligent Humidicalc[®] software helps to ensure this comfort while also reducing the chance of over-humidification.

H1008 Humidicalc® Humidity Control

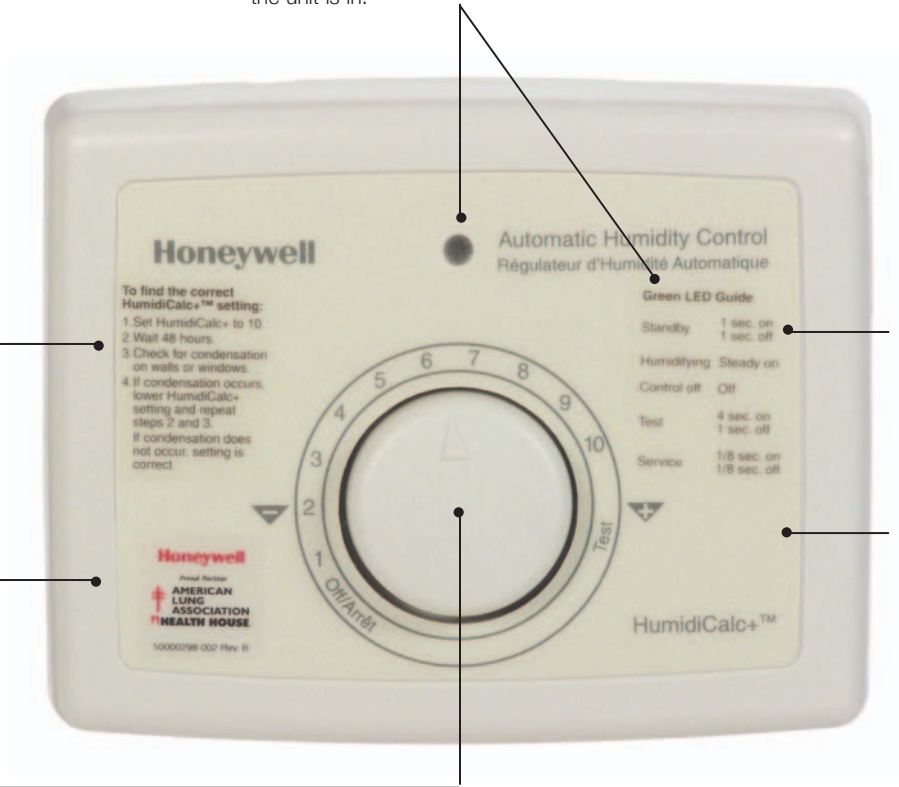

ACCURATE AND AUTOMATIC HUMIDITY CONTROL.

Status indicator LED and LED guide makes it easy for you to know what function mode the unit is in.

Setting instructions are conveniently on the front – clear, quick and easy-to-follow.

Meets American Lung Association® Health House® guidelines.

Dewpoint-based control is self-regulating for maximum comfort in the home; you don't need to adjust the settings due to weather changes.

Honeywell Humidicalc® software optimizes humidity levels and comfort.

Outdoor sensor is available for heat pump systems).

The H1008 Humidicalc Humidity Control is compatible with all Honeywell humidifiers, including:

HE225/265 By-Pass Flow-Through Humidifiers

HE365 Powered Flow-Through Humidifiers

HE440 Clean Steam Whole-house Humidifiers
