The Honeywell Advantage**

# Compare Honeywell To Aprilaire And See The

## The Facts Speak For Themselves

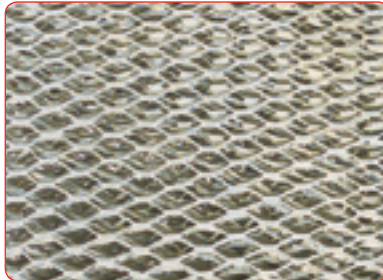

### Honeywell HE265

17-Gallon Bypass Whole-House Humidifier

PerfectFlo™ Water Distribution Tray. Quickly and evenly distributes water over pad, leaving no standing water in the tray itself.

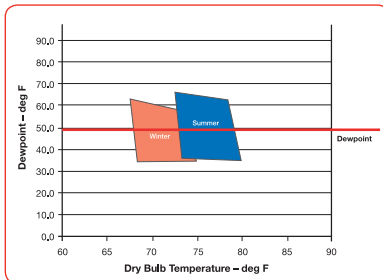

AgION™ Anti-Microbial Humidifier Pads. Coating helps inhibit the growth of mold, bacteria, fungus and algae in the unit.

UV Stabilizer with Carbon Black coating protects the humidifier pad frame from penetrating UV exposure/damage.\*\*

H1008 Humidity Control measures off dew point, maintaining humidification consistency within the comfort zone as outdoor temperatures change.

H1008 Humidity Control features integrated humidity sensor for automatic control of the humidifier.

### Aprilaire® Model 600

17-Gallon Bypass Whole-House Humidifier

Flat Water Distribution Tray. Unchanneled bottom can lead to uneven water distribution and standing water in the tray after operation.

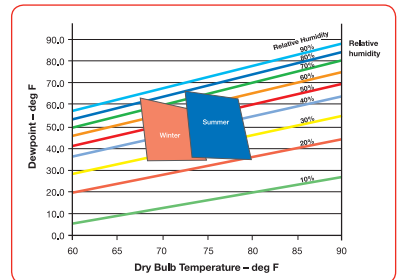

Humidifier pads not coated with anti-microbial agent.

Interior plastics are unprotected.

AutoTrac Humidity Control measures off relative humidity (RH) which fluctuates within the comfort zone as outdoor temperatures change.

AutoTrac Humidity Control requires a separate sensor for automatic control (according to installation instructions). Sensor not included in humidifier purchase.

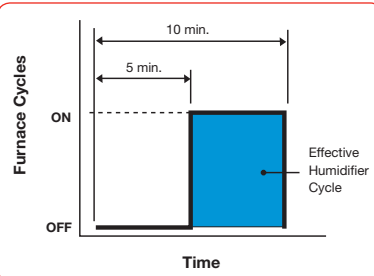

## The Honeywell Advantage

### Honeywell HE265

17-Gallon Bypass Whole-House Humidifier

**Effective Humidification Cycles.** Water flow begins immediately with a call for heat to the furnace.

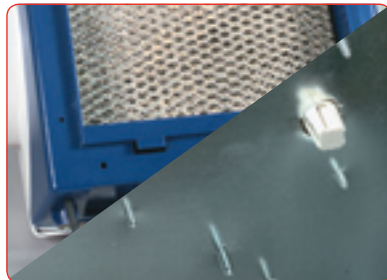

**Clamp and thumbscrew lid** form a tight, precise fit.

**Robust solenoid** features quiet operation.

**Quick Installation.** Duct clips allow for fewer screws in duct mounting the Humidifier (2 with option for 4). Smaller footprint of H1008 humidistat requires only a 1" diameter duct hole.

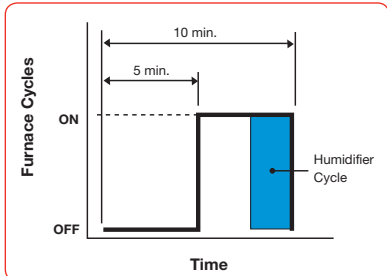

Honeywell backs all of our humidifiers with an industry-leading 5-Year Warranty.

**5-YEAR  
WARRANTY**

### Aprilaire® Model 600

17-Gallon Bypass Whole-House Humidifier

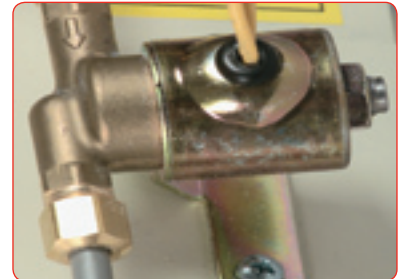

**Due to sensing relay,** water flow doesn't begin until the call for heat is sent and the furnace fan activates, delaying pad saturation and reducing humidification cycle time.

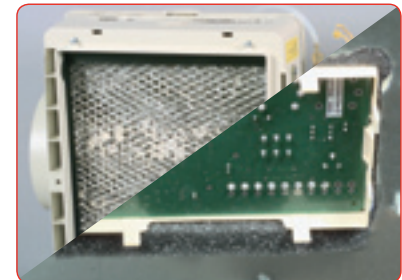

**Snap-Lock lid fittings.** Torque on lid prior to install may cause loose fit.

**Solenoid has an audible click** when it energizes.

**Humidifier requires 4 screws** for duct mounting. Humidistat requires 4.5"W x 2.75"H duct hole and four screws to mount.

Aprilaire humidifiers have a 1-Year Limited Warranty.

1-Year Limited Warranty

# Honeywell Whole-House Humidifiers

Honeywell offers the most extensive Humidifier product line available, including steam, powered, bypass and drum models, as well as replacement pads. Easy to install and built for reliability, Honeywell humidifiers include industry exclusives like patented PerfectFlo™ water distribution trays and AgION™ anti-microbial pads and an industry-leading five-year warranty.

*Honeywell Air Cleaners meet  
American Lung Association® Health House®  
guidelines and feature the ALA logo.*
